White Shadow

SPECIFICATIONS

Frame	Hi-Ten tubing with SST tubing diameters, double-tapered stays, rear entry dropouts with double eyelet
Fork	Unicrown straight blade with single eyelet
Headset	Chrome Aheadset, 1 1/8"
Wheels	Alex ID-19 double wall alloy rims with GSW sidewall, 36H, Formula alloy track hubs with flip/flop rear and 14g stainless steel spokes
Tires	Vittoria Zaffiro, 700 x 25c
Derailleurs	N/A
Shiftlevers	N/A
Chain	KMC Z510HX
Cassette	Formula 16T Fixed and 16T Freewheel
Crankset	Forged alloy crank, single 46T chainring, 170mm
BB Set	Cup & Ball with seal, 116mm bolt-type axle
Pedals	Touring platform, full alloy cage & body with toe clips
Brakeset	Long reach alloy calipers with shorty brake levers
Handlebar	Straight bar, aluminum, 25.4 x 540mm
Stem	Jamis Road, 3D forged 6061 alloy, 17° x 80mm (47/50), 100mm (53/55), 120mm (57/59/62)
Tape	BMX Type Grip
Seat Post	Jamis alloy micro-adjust, 25.6 x 250mm with alloy clamp
Saddle	Jamis Vintage with perforated cover and carbon steel rails
Sizes	47, 50, 53, 55, 57, 59, 62cm
Color	Gloss Black or White Shadow
Weight	23.75lbs

FEATURES/BENEFITS

Our Beatnik frame features Size Specific Tubing (SST): smaller frames are constructed with smaller diameter tubing to retain resiliency and ride quality, while larger frames are constructed using larger diameter tubing to retain stiffness for larger riders.

Beatnik's hi-tensile steel tubing delivers the smooth, shock-damping, resilient-but stiff ride urbanites demand, with a full complement of brazed-on rack and fender mounts.

A short-length flat 25.4mm alloy bar with negative degree stem offers the minimalist styling so popular with today's urban fixe crowd.

Alex double-wall aluminum rims assure strength and durability in tough urban environments, with stainless spokes for strength & longevity

Formula's alloy flip-flop reversible rear hub offers both single-fixed gear and single-speed freewheel depending upon rider preference.

A forged alloy crank with 46t single chainring and traditional square taper BB interface delivers durability and easy to maintain.

Our Jamis Retro saddle is not just cool looking, it's comfortable!

Tektro's alloy dual pivot long reach brakes offer sure stopping and plenty of clearance for more tire choices with room to add fenders.

Vittoria Zaffiro 25c tires hold just enough air volume to make for a comfortable & stable ride, yet are narrow enough to roll nearly as fast as 23c racing tires.

GEOMETRY

SIZE	CENTER of BB to TOP of TT	EFFECTIVE TT LENGTH	HT ANGLE	ST ANGLE	CHAINSTAY	WHEELBASE	FORK RAKE	BB HEIGHT	HEADTUBE	STANDOVER
